Then I discovered one day that if I use 'Save As' for a spreadsheet and then select the larger 'Save As' window (by toggling using the button to the right of the 'Save As' field), my top ribbon would vanish.

The patch will become automatically available after successful installation of X7.. Please can someone advise how I can make it stay > maximised? >> On Saturday, April 17, 2010 10:37 PM Shailesh Shah wrote: >> Double click on Ribbon tab name or press Ctrl-F1 (toogle key) or right klik >> on ribbon tab name >untick minimize the ribbon.. The top Ribbon kept vanishing for no obvious reason, and the spreadsheet would be welded to the Mac Toolbar.. >> >> Regards, >> Shailesh Shah >> >> If You Can't Excel with Talent, Triumph with Effort.. To make it return, select 'Save As' and toggle back to the small 'Save As' window.
